# Who is Supply Nation?

## And what do we do?

### Supply Nation

Supply Nation is proud to be the first and pre-eminent supplier diversity organisation in Australia. Since 2009, Supply Nation has worked with Indigenous businesses and procurement teams from government and corporate Australia to help shape today's emerging and rapidly evolving Indigenous business sector.

Supply Nation's world-leading verification process provides peace of mind by ensuring that all businesses listed on Indigenous Business Direct are not only Indigenous owned but are regularly audited for changes in company structure. Supply Nation's support, combined with a range of business tools, helps our members develop their supplier diversity practices, and build a strong, successful and sustainable Indigenous business sector.

Our landmark depicts a convergence of three concentric rings that represent the connection of our partners, our corporate and government members and our Aboriginal and Torres Strait Islander businesses across Australia.

# The Supply Nation database: Indigenous Business Direct

---

Indigenous Business Direct is Supply Nation's online listing of Aboriginal and Torres Strait Islander businesses. It is a valuable platform to promote your products or services.

Listing your business on Indigenous Business Direct is **completely free**.

## Why register your business on Indigenous Business Direct?

Buyers look for businesses that are listed on Supply Nation's Indigenous Business Direct so they can be confident that the business is at least 50% Aboriginal or Torres Strait Islander owned.

With more organisations committed to including Aboriginal and Torres Strait Islander businesses within their supply chains, listing your business on Indigenous Business Direct ensures you receive all relevant opportunities.

The Federal Government's Indigenous Procurement Policy (with its targets to use Aboriginal or Torres Strait Islander businesses) is driving growth in the sector. Indigenous Business Direct is the first point of reference for government procurement professionals when searching for an Aboriginal or Torres Strait Islander business to tender for a contract.

Other organisations are also developing their own Indigenous procurement targets. Registration on Indigenous Business Direct is a key marketing tactic to showcase your business to these buyers.

## Register today!

Registering your business with Supply Nation (to go onto the directory – Indigenous Business Direct) will help you connect with motivated buyers from some of Australia's largest organisations.

Completing the online registration form will only take you about 10 minutes. Supply Nation's world-leading verification process should then be complete within 4 days. It's completely free, and if you have any questions at any stage, you can call our friendly team on 1300 555 298.
